Dear Parents / Carers,

Thank you for all your support during this difficult week.

I would like to repeat what we shared in our email on Thursday.

When someone dies, we can have lots of feelings of sadness, anger and confusion.

There are agencies that can offer support. If you feel you or your child need some help, please email dsl@car.celtrust.org and we can arrange this.

We hope you can all enjoy some lovely family time over the weekend.

Take care,

Simon

Should YouTube have more rules for younger users?

An app made just for kids.
YouTube Kids was created to give kids a more contained environment that makes it simpler and more fun for them to explore on their own, and easier for parents to manage.

In the news this week

The UK government's culture secretary, Lisa Nandy, has written to video-sharing platforms, such as YouTube and TikTok, asking them to actively share more educational content for children. Nandy stated that while YouTube has improved children's content on its platform, it is not doing enough to make sure the content is easily seen by children.

Things to talk about at home ...

- Tell someone at home about the type of things you enjoy watching and where you like to watch them. Ask someone older what they watched as a child. Ask about the choice of programmes, and where and when they were able to view them.
- Do you believe there should be more checks or rules for what people can watch online?

HOME INFORMATION

January's Musician of the Month

LUDWIG VAN BEETHOVEN

About: Ludwig van Beethoven (17th December 1770 – 26 March 1827) was a German composer and pianist who remains one of the most admired composers in the history of Western music; his works rank among the most performed of the classical music repertoire and span the transition from the Classical period to the Romantic era in classical music. In his early period, he forged his craft whilst his middle period showed an individual development from the styles of Haydn and Mozart. During this time, he began to grow increasingly deaf. In his late period, he extended his innovations in musical form and expression.

CAN YOU HELP AT EVENTS??

We are looking for volunteers to help at our fundraising events. It's less commitment than you think, and you don't always have to attend the meetings.
